Sl 9 in Part I  
of L F 194-94.

(1) In para 18 of their Pro: no <sup>171</sup> LF 194-94  
of 3.7.95, Govt: observed that  
the imposition of Octroi was one  
of the easiest and least burd-  
some forms of indirect taxa-  
tion and suggested the intro-  
duction of the same into the  
Bangalore Municipality to provide funds  
to meet the cost of Messerschett  
works. And to enable the  
Municipality to extend their  
octroi taxation, a draft Regu-  
lation ~~under the considera-~~  
tion of Govt: was forwarded  
to the Board for an expression  
of their views (paras 19 & 22). A  
copy of this Regulation no in  
LF 194-94.

Sl 14 in L F 194-94

(2) It was stated in Res-  
ident's letter No. 3535 of 30  
September 1896, that the C &  
M Station Municipality wished  
to extend the Octroi duties to  
articles of consumption other  
than those already taxed and  
requested the Durbar to  
move the City Municipality  
to cooperate with the  
Station Municipality in the  
matter. He added that, if a  
joint Committee would be

Sl 10 in Part II of L F 194-94

be preferable both the Municipalities might be permitted to arrange matters in direct communication with  
(SL 10 in Part II of LF 194-94)

(3) Thereupon the President, City Mpty. was asked to arrange for an early conference by a joint sub-committee of the City and Station Municipalities. (SL 11 in L 7 194-94)

(4) With his letter No 59 of 4 9 97 the President City Mpty. submitted copies of Pro: of the joint Committee in regard to Octroon taxation for the information of Govt: and the proposals recommended by the joint Committee were communicated to the Resid: (in SL 16). and The President was asked to report if these proposals were laid before the Munl. Comm: of the City, *Re: 194-94, 194-94, 194-94*, with an observation that after receipt of his reply, the question of amending the existing Munl Regulation, so as to embody ~~these~~ provisions relating to the levy of Octroon duty similar to those contained in the

The Muml: Law recently introduced into the C & M Station Mpty., would be considered by Govt. (SL 17).

(5) <sup>On 15<sup>th</sup> Decr 1897</sup> ~~the~~ <sup>at the</sup> Resident also furnished <sup>to the office</sup> a copy of the Pro: of the C & M Station Mpty. in regard to the levy of Octroi on certain articles and ~~at the~~ of the same was forwarded to the Presdt. City Mpty. (SL 18 & 19).

(6) In his letter No 743 D of 15.2.98, the Resident stated that, when notices required by the Bangalore Muml: Law were issued by the Presdt. of the Station Mpty. for the proposed extension of Octroi, several objections were received from the inhabitants and that tho. some of them could be disposed of at once, it was desirable, looking to the intimate relations between the Mpty and that of the City, that all objections be considered from both points of view by the joint Committee aforesaid. He therefore asked the Duba to direct the President of the

City Municipality to place himself in communication with Mr. Plegat with a view to the joint Committee re-assembling to consider all the objections received to their final recommendation.

(7) Copy of the <sup>now</sup> letter was thereupon forwarded to the President of the City Municipality with a request that he would, in communication with the Presid. C & M Str., arrange for an early conference of the joint Committee as proposed, ~~(Sept 27)~~ and the Resident was informed of the same on 3/3/98

(Sl nos 23724)

8) The Resident in his letter No <sup>1382</sup><sub>12-96</sub> of 26<sup>th</sup> March 1899 stated that the Municipal Commission of the C & M Str. had finally resolved that an Octroi tax be imposed on certain goods when imported into the town and enquired whether the City Municipal Comm<sup>y</sup> would take concurrent action and what steps, if any, had been taken for the levy

relational Dept Note

The proposal to ~~for the~~  
to extend the activities to  
certain articles, as jointly  
agreed to by the City and Station  
Municipalities, may be given  
effect to in one or other of the  
following ways: -

I. Under Sections 34 and  
225 of the Municipal Regs.  
The former specifies "town duties"  
as among the ~~the~~ cases which  
may be imposed for the purpose  
"of raising the funds required  
for the purpose of the Regulation."  
Under the latter section, the Muni-  
councils are empowered to make  
(subject to confirmation by Govt.)  
by-laws "for carrying out any  
of the purposes of the Regulations"  
which expression may be taken to include  
the raising of funds for the said purposes.

II. If the above is not  
considered sufficient authority,  
the activities provisions 62A & 62C  
contained in the Draft Regulation  
which was before Govt. from 1895  
to 1897 may be adopted and  
passed into law as a temporary  
measure. But this would not  
secure the advantage of uniformity

I think this is  
quite feasible  
& can be done  
at once.

No. Nor will it enable us  
to give effect to the new  
Municipal Regs.

with the Statute Municipal Law;  
and, moreover, the Schedule  
C III. appended to those  
provisions may also have to  
be altered in accordance with  
the present proposals.

III. A simpler <sup>& more satisfactory</sup> course  
would be to enact a short  
supplemental Regulation  
embodiment the provisions  
of the new C & M. S.

Municipal Law of 1947.  
This is also in conformity with  
the intention expressed in para

2 of our letter no. 6335 d. (Sl no 17)  
27.12.1949

3<sup>rd</sup> Decr 97 to the Municipal President.

A draft Regulation in this sense  
is put-up for consideration.

(Sections 63 to 67 of the Statute Law).

  
H. 98.

Piecemeal legislation  
like this does not seem  
to be advisable & there  
seems no need to pass  
it if ~~it~~ as the object  
in view can be other-  
wise attained. U.

The question of  
our Municipal Regulations  
has been before Govt for  
a considerable time past.  
Several drafts were attempted  
the last of them being the  
one recently prepared under  
the Mayor's personal  
instructions on the basis

of the Madras District  
Municipalities Act. The  
Deewan has had no time  
to look into the last men-  
tioned draft. In the mean-  
time the present reference  
from the Resident relates  
to a matter of great  
urgency and demands im-  
mediate attention. Both  
the City and the Station  
Boards are agreed on the  
subject of the extension  
of Octroi duties. The articles  
to be taxed, the rates of  
duty, the date of introduc-  
tion of the duty & the pro-  
cedure to be prescribed  
have to be precisely the  
same in both Municipalities.  
It does not seem propo-  
sible for us to wait till a  
new Regulation is passed.  
The present law seems  
sufficient to enable the  
City Municipality to give  
effect to the proposal  
concurrently with the  
Station Municipality, all  
that is required being the  
framing of Byelaws on  
the lines of the Octroi pro-  
visions of the Station  
Municipal Law of 1897.  
The Board may be asked  
to take the needed action  
accordingly, and the

President may be informed  
that the Durbar agree to  
the proposals of the Joint  
Committee and that  
steps are being taken to  
give effect to the same  
in the City at the same  
time as in the Station. Foreign  
tobacco imported into the City may also  
be brought under the proposed Reg. Law and taxed in the same way as

The President having, in Sept '96, suggested the appt. of a Joint Sub-committee by the City and Station in order to enable them to decide what articles of consumption other than those already taxed should be brought under actv duty, the necessary order was issued to the City Council President.

As a result of the Terist conference the following articles are recommended to be turned in both Municipalities viz Kerosene oil, timber, roofing tiles & pipes.

The only refer to a term only ~~is contained in Section 24 of the~~ in the Bangalore Municipal Regs. is contained in S. 24. "a tax upon the sale of spirituous and intoxicating liquors, or turn duties, or rates which may consist of a rate" etc etc. ~~that~~ The procedure with regard to the imposition of these duties has not been laid down as in the case of the other taxes.

Schedule C III of the proposed Amending  
Reg<sup>n</sup> leaves out roofing-tiles, and fixes  
rates for the other articles <sup>generally</sup> lower than those  
now proposed to be imposed.

relative to duty being imposed on foreign tobacco in the City Municipality

Resolved that it is advisable that Octroi be levied upon Foreign tobacco imported into the City Municipality in assimilation with the practice at present obtaining in the Civil and Military Station Municipality.

II The following questions were then discussed:—

(a) The levy of a Water Tax

(b) The levy of a Wheel Tax.

With regard to item (a) it was decided that this was a subject which could best be decided by the Commission of the respective Municipalities each for itself

With regard to (b) it was considered that the amount accruing from the Collection of a tax of this nature would form too inconsiderable an increase to receipts to warrant its collection in view of the

disfavour in which it would be held

III Read list and letter submitted to the Committee by Mr. J. J. Leonard relative to a proposal emanating from his predecessor in Office for the levy of Octroi on certain articles by the City Municipality.

Read also statement of articles upon which duty is levied by the Agra and other Municipalities in India.

Resolved to recommend the levy of Octroi upon the following articles:—

Sugar  
Jaggery  
Petroleum  
Building materials  
Timber under Class I & 2 Black  
wood, Hornay  
Q<sup>o</sup> Class II all other descriptions  
Bamboos  
Bricks, burnt  
Q<sup>o</sup> unburnt

Ghee

Coffee

The levy of Octroi on Areca nut was also suggested but it was understood by the Committee on the representation of Mr. T. J. Leonard that the Mysore Government object to a tax on this article, and the subject was dropped.

At this stage of the Proceedings it was resolved to adjourn the meeting pending the preparation of detailed estimates of the Revenue that might be expected from a tax on the articles above described.

on the 19<sup>th</sup> December 1896.

" The following resolutions were  
then passed:—

- i That the subject of including  
Picee goods in the list of  
articles to be taxed should  
be considered.
- ii That, as there is so much  
transit through the City  
Municipality of sugar and  
Jaggery, it is considered  
inadvisable to include these  
articles in the Octroi list.
- iii That Kerosine oil be taxed  
at the following rates:—

Kerosine oil not exceeding  
125° flashing point, 2 annas  
per tin of 4 gallons or 6 pies  
per gallon.

Kerosine oil exceeding 125°  
flashing point 3 annas per  
tin of 4 gallons or 9 pies  
per gallon.

iv That further information be obtained with regard to the various description of timber used for building purposes and that subject to reconsideration the following descriptions of timber be fixed at the rates noted.

Teak timber at Rs 3 per ton of  
50 c.ft.

Konary do 3 do.

Black Wood at Rs 2 — do —

v. That information be obtained with regard to the details of the Customs duty imposed at Madras with regard to Piece Goods.

Commissioner, - City  
Municipality.

1 The Committee having considered the lists of the various descriptions of timber used for building purposes submitted by the President of the City Municipality and the Superintendent of Town Duty Department, Civil and Military Station, resolved to recommend.

1 That as the circumstances of the trade in timber in the log are peculiar, each Municipality tax timber on import and grant refunds on export without limit of time, but that if the export is from one Municipality to the other refunds shall not be given in cash to the exporter, nor shall duty be levied in cash from him by the Municipality into which the import is made, but the refund passes shall be received by the

latter Municipality and transfer of the tax originally levied, adjusted monthly between the two Municipalities.

II That the following rates of duty be charged viz:—

Timber imparked in log

Teak, Houny Rs 3, Black wood  
Rs 2, other timber Rs 1 per ton of  
50 cfb.

Sawn timber

Teak Rs 4, per ton of 50 cfb

Houny Rs 4. ——— do ———

Blackwood Rs 3 — do ———

Other Timber Rs 1/8 — do ———

III (i) That as tax on Bamboos would fall almost exclusively on the poor, and would not be easily asessed, this article should not be taxed.

IV That Roofing tiles, Mangalore, pattern, be taxed at Rs 1/8 per 1000.

That as the tax which might be obtained from bricks and other building material would be inconsiderable it is not worth the trouble of collecting.

SIR,

I am directed to state that the enclosure of your letter No.14404/L.F.194-94, dated the 23rd June 1899, has not been passed on the President, Municipal Commission, Civil and Military Station, for the following reason.

The proposals of the Joint Committee for the introduction of further taxation both in the Station and City were about to be sanctioned when the Resident received a resolution of the Government of India, which made it doubtful whether in the case of some of the articles concerned the imposition of Octroi would meet with the approval of Government. A reference was therefore made to the Foreign Department, as to the permissibility of the new Octroi proposed and the question must I am to say, be deferred till the orders of the Government of India are received.

SIR,

I am directed to enclose for your information a copy of a letter No. 1951 dated 21st June 1899, from the President Municipal Commission, Civil and Military Station of Bangalore, asking that steps may be taken to convene a joint committee of members of the Station and the City Municipalities, to consider the possibility of imposing additional taxation on some of the main staples<sup>of</sup> consumption.

2. I am to explain that since the proposals which were dealt with in correspondence ending with your letter No. 12463/L.F. 194-94 dated 2nd May 1899, were formulated, a Resolution has been received from the Government of India, which makes it doubtful whether the imposition of the rates of Octroi proposed on kerosine oil, timber, roofing tiles, and piece goods, is not opposed to the policy of Government. It also seems probable that, in accordance with the same resolution, the rates of octroi now in force on several of the articles in the existing schedule will have to be reduced. Should

these

these anticipations prove correct, the income of the Municipality from Octroi will, it is calculated, be reduced by Rs.46,000/- The Government of India has been addressed on the subject. But pending the receipt of their reply it is obviously desirable that proposals should be formulated as early as possible for the imposition of taxation on other articles of consumption, in order that, should the present proposals not be sanctioned, the consequent deficit in income may be provided against.

3. Even should the Government of India decide that the rates of Octroi now proposed may stand, the financial position of the Municipality is such that some additional taxation is inevitable. I am therefore to suggest that, if the Durbar have no objection, the City Municipal Commission may be moved to cooperate with the Station Municipality in the matter, arranging all necessary details in direct communication.

ed 20th  
Junc 1899.

2. At a meeting of this Committee held the  
same day, it was resolved that for the purpose of  
considering the possibility of taxing some of the main  
staples of consumption and securing uniformity of action  
between the Station and the City Municipalities in the  
imposition of any such tax, a joint committee be convened  
composed of members of the two Municipalities.

3. I have accordingly to request that the  
resident may be pleased to address the Dewan of Mysore  
to move the President of the City Municipal Commission,  
to appoint a Committee to act in concert with this  
Municipality, and as an early decision in this matter of  
additional taxation is very essential, I would request  
that the City Committee may be early arranged for in  
order that a Meeting of the Joint Committee may be held  
as soon as possible.

Government of India have now replied to the effect that the tax on Kerosine cannot be permitted, that the tax on piece goods must be reduced from a rate of Rs 1-9-0 per Cent ad valorem; and that the tax on mangalore tiles which is equivalent to a rate of Rs 2/5 per cent ad valorem shall be reduced to a rate of Rs 1/9. The rate of the proposed tax on timber is not in excess of that allowed by the Resolution, and may stand. The Government of India have further decided not to interfere with the rates of Octroi laid down in the Schedule already in force, on the understanding that the articles affected are almost entirely Indian produce.

3. In accordance with the orders of the Government of India the Resident refuses under Section 44 (5) of the Bangalore Municipal Law, to sanction the proposed tax on Kerosine; and sanctions a tax on piece goods at the reduced rate of Rs 1/9 per cent ad valorem, and a tax on mangalore

mangalore tiles at the reduced rate of  
Rs 1/9/- per Cent ad valorem. The tax on  
is sanctioned by the President at the  
rates originally proposed by the Municipal  
Commission. I am now to suggest  
the Commission should without further  
delay direct the imposition of these taxes  
in order that they may come into  
not later than January 1<sup>st</sup> 1900,  
that their proceeds may be secured  
for the municipality for at least a  
of the present financial year. I am to  
point out that unless this be done  
October 1<sup>st</sup> next, the taxes in question ~~cannot~~  
cannot under the provisions of Section  
44(8) of the Municipal Law, come into  
force before the end of the financial year  
4. As the Government of Mysore have  
intimated that the Municipal Commission  
of the Bangalore City are willing to  
take concurrent action with the munici-  
-pality of the Civil and military Station  
in the imposition of octroi at the rates  
formerly

formerly proposed, the Resident has  
no doubt that they will be willing  
now to impose octroi, at the reduced  
rates sanctioned by the Government of  
India. The Government of Mysore  
are being addressed on the subject.

Sir,

levying tolls and taxes on vehicles and animals, the introduction of which was resolved upon by the joint committee of the members of the City and the Station Municipality referred to in Government Order No.  $\frac{701}{27.194-74}$  dated 12<sup>th</sup> July last. The Board have resolved to introduce these taxes from 1<sup>st</sup> January 1900.

Copies of their resolutions are herewith submitted.

2. In this connection I beg to forward for information of Government Copies of the Proceedings of the joint committee alluded to above, held on the 24<sup>th</sup> ultimo, and the Resolution of the Municipal Board of the Civil and Military Station approving of the imposition of the tolls and taxes on vehicles and

and animals as recommended by the Joint Committee.

3. I request that early sanction of Government may be kindly obtained for the introduction of these taxes and tolls in the City from the 1<sup>st</sup> January 1900.

4. The Draft Byg-laws in connection with the Octroi duties are still under the consideration of the Board and they will be submitted to Government by the end of this month. In connection with this subject, I beg to observe that the collection of Octroi revenue in the City is at present regulated by the rules laid down in the late Chief Commissioner's notification No 341 dated 2<sup>nd</sup> February 1871 wherein the only articles mentioned as liable to Octroi.

duty are tobacco, supari and betel-  
leaf. The Municipal Regulation  
of 1871 as now in force does not  
contain any provision for the  
control of Octroi revenue, excepting  
the mention of "town duties" in  
Section 34 among the list of taxes  
leviable by the Municipality.

Again, in Section 225 which  
empowers the Municipal Com-  
missioners to frame Bye-laws  
to carry out the purposes of the  
Regulations, no particular men-  
tion is made of Octroi revenue.

In the absence of any such express  
provision in the Regulations it  
is doubtful whether the framing  
of Bye-laws under Section 225  
thereof would be in order. In the  
Civil and Military Station

On this subject  
please see Office of  
Secretary's remarks  
in the Ld. Govt. Order

File 194 of 1894

Special provision exists in the Municipal Laws (Section 137 (f) and (g), 137, (2)) under which bye-laws can be framed for the regulation of Octroi duties.

5. In case the Government are pleased to agree in the above view, I beg to suggest that, pending the amendment of the Municipal Regulations in conformity with that in force in the Civil and Military Station, the three articles, viz., Timber, Mangalore tiles and piece goods on which duty has now to be levied, may be ordered to be added to the list given in the late Chief Commissioner's Notification referred to in para 2 Supra.

4. Every officer demanding octroi by the authority of the Municipal Commissioners shall tender to every person introducing or receiving any article on which the tax is claimed, a bill specifying the article taxable, the amount claimed and the rate at which the tax is calculated.

(ii) any officer of the Municipal Commissioners authorized by them in this behalf, if he has reason to believe that any such article on which octroi has not been paid, is kept or concealed in any premises, may, after ~~the~~ obtaining the warrant of a Magistrate, enter and search at any time such premises, and, if he finds any such article on which
